FOR PRESIDENCE. JOHN C. BRECKINRIDGE, OF KENTICKY.

POR VICE PRESIDENT, GENERAL JOSEPH LANE, OF OREGON.

TUESDAY.....OCTOBER 16, 1-60.

We call upon the Bell-Douglas papers of Kentucky to name even one friend of Breekinridgo in Pennsylvania that failed to sustaiu Foster-name either the newspaper or the public man that did so. In the event of their failure to do this; as they have repeatedly, since the election, charged that the Democracy of l'emisylvania deserted their colors they ought to be denounced as a set of impudent liars. The truth is that prior to the election, such men as Ilon. R. W. Thompson, and Jas. G. Bryant, Bell men of Indiana, and Forney & Co., Squatters in Pennsylvania, openly opposed a union of the conservatives in the State elections, but we have yet to learn that Breekinridge men, anywhere in the North, have opposed a fair union to beat Lincoln. We defy the whole fraternity of Bell-Douglas editors to name an instance where the Breckinridge committees of the North have refused to unite upon fair and honorable terms with the other conservative parties to compass the defeat of Black Republicanism. It cannot be named. In the late arrangement in New York, the Breckinridge men have submitted to pulpible injustice-have put up with less than their share of electors on the union ticket-have borne the insolent demeanor of of Richmond, Cagger & Co., to prove their willingness to unite in any measures to prevent Lincoln from carrying the Empire State and thus securing his election.

In reference to the State of Indiana we have the concurrent testimony of both organs of the Opposition in this State, that the larger portion of Bell men voted straight for the Black Republicau candidate. Here is what the Louisville Democrat of 12th inst., says:

In the last election, a large number of the Bell men, in necordance with their principles of the last election, at Il larger number, note that and lane, at lawrenceburg, on Monday, the their party, voted for Laint.

And here is what the Louisville Journal of the same day, says:

We have no complaints to noter against our friends in Indiana for the courtes they thought fit to pursue in the election of Tnesda. They doubtless acted from the best of motives. But we conject to work immediately and endeavor to rectify the intervent of the country.

DR. WRIGHT'S

CELEBRATED

REJUVENATING EHXIR!!

Prepared on the strictest Pharmaceutical principles by one of the ablest Chemists of the age.

This is altegether n new medicine, the result of modern discovertes in the vegetable kingdom, being an entirely new and abstract method of cure, irrespective of all the old mid worn-out systems published by necomplished quacks to the suffering. Dr. Wright, well knowing the deception practised upon the uninitial ed, felt it bis duty at once to have this blixir tested by the whole Medical Faculty, who, without even one dissenting voice, have given in their adherence to its perfect and undivided control over the while physical man when his frame has been reduced, and when all other medicines known to the Pharmacopoela have been tried in vain. Long thought, years of patient investigation, and a nil desperandum dum determination, have crowned the Doctor's efforts, and he now offers the blixir to suffering humanity as the only thing that can cure the following manit) as the only thing that can cure the following

As a Stimulant,

As a Female Medicine,

It is equally powerful and effective, and restores the equilibrium soon or and effection at the other medicines which for years have thoused the market, and which are only minrious, in place of assisting or removating the constitution; it is a very good reason too, that they are only made from the effusions of minds ignorant of the Medical profession altogether. No Minerals!

Dr. Wright think, it well to stake his professional character on the fact, that no minerals whatever form the least on por and parts of the ingredients in its Rejuventing Elaxir—well knowing what ruin has been entanted on the community by opium and mercuri.
Generally, to the debilitate I, Dr. Wright would say,

These Douglas men differ with the french of Berchwicker work one wont They differ with Bell upon all points. The Opposition party of Kentucky are in favor of protection to slare property, and differ in that respect from the friends of Douglas as widely as the Friends of Douglas differ with Breckinridge—while upon the subjects of the Tariff, a United States Bank, the Distribution of the sales of the Public Lands, the Naturalization Laws, and all other questions of policy or Constitutional construction, the friends of Douglas agree with those of Breck-inridge, and differ in toto from Bell. Is it not then the merest milsum ner madness for them to aid And what say the Germans of Paducah and

Are they willing to help place the Know-Nothing party o? Kentucky in power again? Are they willing to elect to office and power the men who in 1855 and 1856, decided that a German must remain in the State 21 years after he has been naturalized before he can rote? Can they lorget Bliody Monday and its atrocities?

Do they wish to cleet to effice and place in power in Kentucky the men who did this deed? God forbid that such should be the case. Messes, Potter & Merwin, of St. Louis, Missouri, the proprietors and manufacturers of several very popular me licines, are hunling the anathema back into the teeth of its projectors. We see, by reading their advertisement of Dr. Merwu's Fever and Ague Pills, that they say "that they are no a northern citchpenny humbag, &c., and, a another part of their advertisement, they say, grant Aid Societies, or Sharp's Rilles and Bowle Knives for bleeding Kansus, as you many times have done in purchasing northern medicines." What I chaim as my invention is, the contrivance of keeping accounts current, of whatever kind, description, or variety, in printed form, by keeping the statements of the several accounts standing in printers' type, or their equivalents, the type being so arranged in form as to admit of being readily and quickly re-adjusted in any particular part, where an account may have undergone a charge, by the lapse or time or the current of business transactions; so that, when readjusted in all sach parts up to any given date, an impression then taken from the type shall exhibit, in printed form, the true state of all the accounts so kept, accurately representing all the balances or conclusions, in accordance with the end or deds contemplated in keeping the record; roudering it, in commercial business, a balance sheet of the most compact and perfect character, the details of management being substantially as recited in specification, wherein it is shown, that the fact or facts to he recorded, may be represented by lighters, symbols, dates, or numbers, used either separately or in combination, or by whatever else will indicate the fact or facts as desired; and furthermore, based on this primary invention, I also claim the device or coatrivance of rendering or transmitting accounts in partial or full statements, when the statement or statements so sent ure, thus, or substantially thus, kept in type, by the contrivances of my invention, be the medium at transmission what it may; but the particular mode of rendering accounts by the use of the Dispatch Machine, cunstituted of Apron Movement, Reel, and Cutter stamp, I claim in the broadest and fullest sense; and also the machine itself, cubracing all its forms and modes of operating, as indicated in describing it, either as a simple hand instrument, or as propelled by machinery. To "Lex," who in the Montreal Gazette of 1st
February, 1860, pronounces the "idea" of keeping accounts current "in type," a gross absurdity," thanks
are hereby tendered, and the assurance given, that
this gross absurdity is all that Mr. Dick has pntented
in the domain of keeping accounts. His claims
hinder no operation therein into which this gross absurdity is not piratically suuagiled in any manner;
neither bodily nor partially; neither directly nor indirectly; neither explicitly nor symbolically; this
ground his claims cover, and nothing more; the absolute monopoly of this absurbity and nothing else,
